

Connected in quality.

RESIDENTIAL SOLUTIONS

— SAFE, CONSISTENT CONNECTIONS

WITH VIEGA® PRESS TECHNOLOGY

Viega products can be pressed in seconds wet or dry, a significant time savings over traditional methods. There is no need to drain the full system and pressure tests can be performed immediately.

With no hot work, fire watches are unnecessary. That means there's no need for additional manpower, plus you can skip the messy or labor-intensive tools.

Quality you can depend on, tested to the limit. Viega fittings tested in 6 different seismic events in conjunction with ICC-ES AC 156, the most widely recognized testing procedure referenced in ASCE 7, the International Building Code (IBC), and Health Care Access and Information (HCAI).

Viega press fittings offer safer and more consistent connections than traditional methods. Unlike traditional connections, you don't have to jeopardize the integrity of the pipe to get a dependable connection.

PUREFLOW[®]

PEX PRESS FITTINGS

MECHANICAL PRESS CONNECTION

OPERATING TEMPERATURE: 180°F (POTABLE); 200°F (HYDRONIC)

PRESSURE: UP TO 160PSI

SIZE: 3/8" – 2"

PureFlow is the only system in the industry that offers press-to-press transition fittings – allowing you to easily transition from PureFlow PEX to ProPress in traditional branch and tee installations. Looking to reduce the number of fittings behind the wall? PureFlow lets you install remote manifolds giving each fixture in a building its own PEX tubing line.

PROPRESS[®]

COPPER PRESS FITTINGS

SEALING ELEMENTS: EPDM

OPERATING TEMPERATURE: 0°F TO 250°F

PRESSURE: 300PSI

SIZE: 1/2" – 4"

Viega ProPress is the proven solution for nearly any industrial, commercial or residential project. With choices in sealing elements, system-matched tools, rings and jaws, press connections are made in seconds, making Viega ProPress suitable for many standard applications.

MEGAPRESS[®] G

CARBON STEEL PRESS FITTINGS

SEALING ELEMENTS: HNBR

OPERATING TEMPERATURE: -40°F TO 180°F

PRESSURE: 125PSI

SCH: 5 - 40

SIZE: 1/2" – 4"

Viega MegaPressG fittings are a safe and fast way to connect gas pipe. MegaPressG press fittings and valves are easy to install, saving you time and labor, and are compatible with a wide range of approved applications, including natural gas and propane.

HEATING + COOLING®

RADIANT RESIDENTIAL AND COMMERCIAL

MATERIAL - PEX, PLASTIC, STAINLESS STEEL, COPPER, AND BRONZE

SIZE: 5/16" - 2"

Radiant heating and cooling solutions can reduce energy costs for both residential and commercial buildings. Viega offers a full line of prefabricated climate mats for wet installs, radiant snow melt systems, panels for dry installs, tubing, manifolds, mixing options and controls all engineered to work together.

In-Person Training

The Viega Training team provides a hands-on experience in well-equipped labs and seminar spaces for customers in Broomfield, CO and Nashua, NH.

Viega Works Session

Can't make it to one of our Seminar Centers? No problem. Our trainers bring real-world experience and industry knowledge to your location via video call in a working session tailored to your needs.

Technical Support

Our Technical support team has you covered if you need quick answers to on-the-job questions. Each technician provides detailed troubleshooting and solutions to application questions.

On-Demand Accredited Courses

Contractors can get on-demand access to modules for continuing education, credentialing of Viega products and industry applications through the Viega eLearning portal.

Engineering Services

Our dedicated Engineering Services team maintains all Viega BIM content to support your project needs. The team works with various industry partners to ensure 3rd party content is current and accurate.

VIEGA® PRESS TECHNOLOGY

No other manufacturer can offer the same press technology across multiple piping systems.

This document is subject to updates. For the most current Viega literature please visit www.viega.us The term Viega does not apply to a specific company within the various separate and distinct companies comprising the Viega group of companies. The term Viega as used in this publication refers to the Viega brand itself or generally to the Viega group of companies. References to activities in North America specifically refer to activities of Viega LLC. Viega products are designed to be installed by licensed and trained plumbing and mechanical professionals who are familiar with Viega products and their installation.
