

## Viega® Flush Plates

Beauty on the outside.  
Brilliance on the inside.

Welcome to the next evolution of toilet systems with in-wall flushing technology from Viega. Through precise German engineering, Viega offers a concealed flushing system that's simple to install, easy to maintain and reliable enough to withstand the test of time. By teaming up with world-renowned designers to develop a wide range of award-winning flush plates, Viega provides multiple options to create beautiful, functional bathroom spaces.

**viega**

Connected in quality.

Viega flush plates have a clean, contemporary, minimal design, allowing builders and architects to create a new, pleasing aesthetic. Whether for a family bathroom or public washroom, all the flush plates provide ease of operation and reliable quality. Viega has more than 45 different material, texture and color combinations to fit every taste and style. There are also touchless options which makes flushing as easy as waving your hand.

**Features and benefits:**

- Visign for More® – plates for the highest demands
- Visign for Style® – for aesthetic accents in the bathroom
- Visign for Public® – durable and tamper resistant
- Visign for More Sensitive – touchless plates for hygienic use
- Some cover plates can be mounted flush with the wall
- Smooth dual-volume flush technology
