Description
The zero lead bronze ball valve is equipped with a full port, zero lead bronze body. The ball valve features EPDM sealing elements, EPDM stem seals and Viega’s Smart Connect® technology for easy identification of unpressed connections during pressure testing.

Features
- 316 stainless steel ball
- 316 stainless steel blowout-proof stem
- Lockable metal handle
- Reinforced PTFE seats
- Smart Connect technology

Ratings
- 250 CWP
- Temperature range: 0°F - 250°F
- Max. operating pressure: 250 psi

Approvals
- Conforms to MSS SP-110
- NSF - UP Code
- NSF 61 Annex G
- ASME A112.4.14
- Listed by NSF to Commercial Hot

Viega ProPress Ball Valve Zero Lead Bronze P x P - Model 2970.3ZL

Zero lead identifies Viega products meeting the lead free requirements of NSF 61-G through testing under NSF/ANSI 372 (0.25% or less maximum weighted average lead content.)

Installations by non-professionals may void Viega LLC’s warranty.

This document is subject to updates. For the most current Viega technical literature please visit www.viega.us.

Viega products are designed to be installed by licensed and trained plumbing and mechanical professionals who are familiar with Viega products and their installation.
