

Connected in quality.

PUREFLOW[®]

PEX SYSTEMS

— INSTALL WITH EASE
WITH VIEGA[®] TECHNOLOGY

PUREFLOW[®] PRESS

PEX PRESS FITTINGS

MECHANICAL PRESS CONNECTION

OPERATING TEMPERATURE: 180°F (POTABLE); 200°F (HYDRONIC)

PRESSURE: UP TO 160PSI

SIZE: 3/8" – 2"

PureFlow is the only system in the industry that offers press-to-press transition fittings – allowing you to easily transition from PureFlow PEX to ProPress in traditional branch and tee installations. Looking to reduce the number of fittings behind the wall? PureFlow lets you install remote manifolds giving each fixture in a building its own PEX tubing line.

PUREFLOW[®] CRIMP

PEX CRIMP FITTINGS

MECHANICAL CRIMP CONNECTION

OPERATING TEMPERATURE: 180°F MAX (POTABLE)

PRESSURE: UP TO 160PSI

SIZE: 3/8" – 2"

With the reliability and quality required for potable water, Viega PureFlow Crimp fittings are part of Viega's complete plumbing solution. They are matched with the revolutionary Viega ManaBloc water distribution system and the highest-rated PEX tubing in the industry (according to industry standards).

MANABLOCS[®]

WATER DISTRIBUTION SYSTEM

WATER DISTRIBUTION SYSTEM

FOR PUREFLOW PRESS AND PUREFLOW CRIMP

PRESSURE: UP TO 100PSI

SIZE: 3/8" – 1/2"

The Viega ManaBloc is engineered to be an entire water distribution system, allowing control over each supply line from one central location. It also allows multiple fixtures to be used simultaneously without dramatic drops in pressure or temperature. A system featuring a ManaBloc will reduce the number of fittings (and therefore, potential leak points) behind the wall.

Veiga's PEX press fitting systems are subjected to the strictest quality and performance testing. As a result, Veiga press systems have earned a litany of certifications from governing bodies across the U.S. and abroad.

PUREFLOW® APPLICATIONS TO MEET YOUR NEEDS

VISIT VIEGA.US TO SEE A COMPLETE APPLICATIONS CHART

The **ONLY PEX SYSTEM** with Smart Connect® Technology which helps installers easily identify unpressed connections during system pressure tests.

On-Demand Accredited Courses

Contractors can get on-demand access to modules for continuing education, credentialing of Viega products and industry applications through the Viega eLearning portal.

Engineering Services

Our dedicated Engineering Services team maintains all Viega BIM content to support your project needs. The team works with various industry partners to ensure 3rd party content is current and accurate.

In-Person Training

The Viega Training team provides a hands-on experience in well-equipped labs and seminar spaces for customers in Broomfield, CO and Nashua, NH.

Viega Works Session

Can't make it to one of our Seminar Centers? No problem. Our trainers bring real-world experience and industry knowledge to your location via video call in a working session tailored to your needs.

Technical Support

Our technical support team has you covered if you need quick answers to on-the-job questions. Each technician provides detailed troubleshooting and solutions to application questions.

VIEGA® PRESS TECHNOLOGY

No other manufacturer can offer the same press technology across multiple piping systems.

This document is subject to updates. For the most current Viega literature please visit www.viega.us The term Viega does not apply to a specific company within the various separate and distinct companies comprising the Viega group of companies. The term Viega as used in this publication refers to the Viega brand itself or generally to the Viega group of companies. References to activities in North America specifically refer to activities of Viega LLC. Viega products are designed to be installed by licensed and trained plumbing and mechanical professionals who are familiar with Viega products and their installation. Installation by non-professionals may void Viega LLC's warranty. ©2023, Viega®, MegaPress®, ProPress®, Smart Connect®, XL®, and Viega: Connected in quality® are trademarks of Viega Holding GmbH & Co.
