# MEGAPRESS 316 3-PIECE STAINLESS STEEL BALL VALVE

AVAILABLE WITH FKM SEALING ELEMENTS

Designed with performance, reliability and ease of maintenance in mind, its modular construction allows the center section to be rotated without disturbing the pipeline, making it ideal for systems that require regular cleaning or servicing. This design also helps minimize downtime, as internal components like the ball and seats can be serviced or replaced without removing the valve from the line. Built from durable 316 stainless steel, this valve delivers long-lasting performance even in the toughest environments. Its versatility makes it an excellent choice for a wide range of applications.
